From the Executive Tower...

Hello and welcome to the February 2008 edition of the Adventure Island News!

If you are a first time camper with us, let me give you a special welcome to this, your first copy of the News! Our spasmodically produced newsletter will come to your door about four times a year packed with incredible stuff - this edition has the last of the camper memories from our great 33rd Summer of 2007 so I'm afraid some of it will not make too much sense to you as a new camper (don't worry - a lot of it doesn't make sense to us either!!) but mostly we try to give useful topical information and some fun stuff that all campers can enjoy.

I hope everyone had a wonderful Christmas/Holiday Season and are all now hard at work at school with dreams of the coming GREAT summer at camp (our 34th!) only 18 weeks away!!! We are VERY busy here at C.A.C. World Headquarters processing camper applications and attending Camp Fairs around Ontario and Quebec. We have met some super new campers and their parents as we travelled and also experienced those really special moments when our regular campers have popped in to say hello either here at the office, like Laura Peppiatt, Stephen Penstone and Madison Bell, or at the camp fairs.

Of course the big news for EVERYBODY this year is our fantastic new Big Top gymnasium!! This is a multi-purpose structure and not only houses one of the finest Gymnastics and Trampoline training centres in the country, it also plays a large part in General Camper activities as it has been designed to give much easier access and use for all campers outside of training times. Water Skiers are not left out either - much of the preparation for wakeboard and trick ski skills are also taught in the new Big Top.

From C.A.C. World Headquarters...

Things are getting busy here at the C.A.C. World Headquarters. Registrations are coming in quick for our fantastic summer of 2008! Not only do we have our new Gymnastics and Trampoline centre to look forward to but once again a brand new Air Nautique! Every summer we buy a new Air Nautique from the folks at Pride Marine Group in Muskoka. Skip will tell you more down below but we can tell you that the new Big Top will be green on the outside just like the new Air Nautique!

Spots are filling up for summer 2008 so if you want to be a part of another FANTASTIC summer, get your parents to CALL US NOW!

More from the Executive Tower...

Speaking of water skiing, we have traded our 2007 Air Nautique Ski and Wakeboard boat for a beautiful new 2008 model - it will also be available for sale at the end of this season. Our Nautique supplier, Pride of Muskoka Marine, will have everything ready for us to pick up our new boat in early June. We'll also have lots of new skis and wakeboards - if you're thinking of buying this year, remember to wait until after your camp stay to get new stuff as you will probably progress to more advanced equipment. Remember, too - we sell all of our equipment at the end of the season with prices at 40 to 60% off!!

We have a lot of work on the go at camp this Spring (quite apart from the huge job preparing the new gym) and on the list will be a renovation of our Wayfarer sailboat, a little tweeking on our largest water slide so that the ride is super comfortable, additional features to our climbing wall area, some cabin improvements, pathway projects, etc. etc. All this action will be a huge workload for everyone but we are very excited about it all and can't wait to get started. Erik and his Spring crew will be arriving at camp at the beginning of May (just 11 weeks away!) and they will all be ready for action!

In staff news, we are excited to have Kelsey Cassady and Anna MacLennan in the Program Office throughout the summer. Kitch will be with us for half the summer as usual and Justin hopes to announce very soon a really exciting new addition to the crew for the other half. Many of your favourite staff from past years will also be back and we'll have a full list of everyone in the next edition of the Adventure Island News. We'll also have details of the Grand Opening Ceremony for the new Big Top during our first session this summer - it's an historic occasion and you'll want to be in the pictures, won't you?!

PLEASE NOTE that if you have still not registered for camp this summer, you'd better get on with it TODAY - but CALL FIRST in case we may not have your first choice - lots of space/programs are already almost full - best have a second choice in mind when you call. Remember - as Justin always says: "He who hesitates is LOST"!!

'Til next time.....Be kind to each other!
